

OGE OBUBU

I'm Obubu Andretti Ogechukwu, a frontend developer who resides in Nigeria. Coding is one of the things I am passionate about. I can be useful in solving a problem - that I enjoy doing, I easily get motivated in striving to be the best at what I do.

EXPERIENCE

Sidehustle, Lagos — *Frontend Web Development*

FEBRUARY 2021

I started my tech journey as a student or better still Intern at Sidehustle and I reached the Bootcamp stage which was the final stage. I worked on various projects whilst being in the workspace they were:

- ❖ Ensured a clean and validated user experience code was presented via the user form details.
- ❖ Built a chat app illustration using HTML5 and CSS3.
- ❖ Built a dark theme landing page for files security.
- ❖ Built a MERN (MongoDB, Express, ReactJS, NodeJS) app to track daily events for users.
- ❖ And many more.

EDUCATION

Obafemi Awolowo University, Osun State — *Bsc. Computer Science*

MARCH 2019 - CURRENT

I am currently a year 2 student at Obafemi Awolowo University, Ile-Ife, Osun State

SoundKnowledge High School, Ogun State — *SSCE*

SEPTEMBER 2012 - JULY 2018

PROJECTS

My Portfolio — *Detail*

This portfolio shows my past and recent work.
